WORK EXPERIENCE

People Strategy Representative

SCC Regency House - San Angelo, TX - November 2002 to Present

Responsibilities

I correct and enter time for 85 employees. I also enter new employees and rehires into payroll system. I manage petty cash for the facility and also manage a Trust fund for residents in our facility. I had a perfect audit this year from TX DADS. I enter invoices into our system for payment to vendors. I inventory and order all supplies for the facility and put them up. I answer the phone and greet people that come into the facility.

Accomplishments

12 years of full time employment going through 2 ownership changes. Have been a loyal employee who tries to support all co-workers when necessary.

Skills Used

I am able to adapt to changes in programs that we use. The first of this year when we changed ownership, we did not have a working time clock so all time for employees was entered into the program each day. When the first payroll was run, I only had one employee that I missed some hours for. I try to let all employees know that my door is always open, if they have any concerns with their time, benefits or anything else.

EDUCATION

Floyd E. Kellam High School - Virginia Beach, VA

1967 to 1971
