PROFESSIONAL OVERVIEW

Experienced research scientist with over 9 years working in scientific laboratories, in both academic and industrial forums. Broad background in diverse fields, from biology and biochemistry to geology and geochemistry. Expertise in designing and statistically analyzing experiments to transform data into written and oral presentations. Actively involved in research as well participating in educational outreach and teaching.

RESEARCH & WORK EXPERIENCE

Analytical Chemist III • TestAmerica

March 2014-Present

- Oil and grease, total sulfide analyses of water and soils
- Analysis of COD, hexavalent chromium and nitrate analyses using spectroscopy
- TDS, TSS TS analysis of water and moisture analysis of solids
- Use of instrumentation such as: ammonia gas diffusion analyzer, Konelab for analysis of total phosphorus and orthophosphorus, Shimadzu TOC and LECO TOC instruments
- Distillation and analysis of cyanides using EPA methods
- Ion chromatography analysis of seven anions in soils and water
- Certified Radiation Worker
- LIMS use

Laboratory Technician • Oberon FMR with Rose Braun (HR)

January 2013-January 2014

- Design, construction, operation and maintenance of small-scale industrial wastewater treatment reactors
- General water quality analysis
- Microscopic assessment of filamentous community
- Experimental design and statistical analysis
- Protein analysis using assays and CHN analyzer

Marine Research Associate • URI-GSO with Jennifer Specker

January 2012-August 2012

- Analysis of cell development in larval flatfish using immunohistochemical and assay techniques
- Data analysis and synthesis, non-parametric statistical analyses

MS Research • URI-GSO with Susanne Menden-Deuer

August 2009 – December 2011

- Data analysis, incl. descriptive statistics, non-parametric analyses
- Mentored summer undergraduate research fellows
- Microbial and ecological techniques, plankton taxonomy and weekly research cruise
- Maintenance and analysis of large dataset

Laboratory Manager • UH-Marine Geology and Geochemistry

August 2006-June 2009

- General lab maintenance, safety, ordering
- Use and maintenance of scanning electron and epifluorescent microscopes
- Use of total organic carbon analyzer, sputter coater, and other lab equipment
- Development of Access Database, use of Endnote

Field Naturalist • Colorado State Parks-Jackson Lake

May – August 2007

- Development of programs for public outreach, ran “Junior Ranger” program
- Boat safety course
- Volunteer Coordinator

EDUCATION

Master of Science (Oceanography)	2011
<i>University of Rhode Island, Graduate School of Oceanography</i>	
Thesis: The Effect of Protistan Grazing in a Coastal Estuary	
Bachelor of Science (Marine Biology)	2009
<i>University of Hawaii, Honolulu</i>	
Research Project: Abiotic formation of particles to bypass the microbial loop	
Associate of Science (Natural Resources)	2006
<i>Colorado Northwestern Community College</i>	

AWARDS AND HONORS

University of Hawaii at Manoa

2009	Outstanding Student in Marine Biology- Department Merit Scholarship
2008	Outstanding Student in Marine Biology- Department Merit Scholarship
2007	Tau Sigma Transfer Student Honor Society
2006-2009	Dean’s List

Colorado Northwestern Community College

2006	Outstanding Student in Marine Biology
2004-2006	President’s Scholarship- Merit Based
2004-2006	Encana Natural Resources Scholarship- Merit based

SKILLS & MEMBERSHIP

2007	Motorcycle Safety Course
2007	American Heart Association Heartsaver First Aid Use Word, Excel, PowerPoint and Access
2009	Operation of GIS
2010	AAAS Member
2011	ASLO Member
2011	Arctic research experience
2012	Algal Biomass Organization Member
2013	LECO protein analyzer training

COMMUNITY SERVICE

2014 Grant Avenue Street Reach Soup Kitchen
2011-2012 EPSCoR-RI Scientific Outreach Development and Presentation
2011 Scientific Support for Metcalf Institute (July 13 and 14)
2010 Biology Seminar Coordinator
2010 Outreach Scientist for URI
2002-2006 Habitat for Humanity- building and fundraising
2003-2005 Relay for Life and Race for the Cure
1999 Wilderness on Wheels
