

# Eric Lujan

125 Bixby St., Unit A, Santa Cruz, CA 95060 – 818.219.8702 – eric.lujan.10z@gmail.com

---

## Objective

To contribute to a rewarding field of study that builds upon and utilizes my collegiate internship, experiences, and activities.

## Strengths

- Friendly, enthusiastic, and motivated to work in wide variety of environments.
- Excellent communication skills with supervisors and peers.
- High level analytical skills and math aptitude.
- Highly reliable, persistent, with strong work ethic.

## Education

University of California, Santa Cruz

Santa Cruz, CA

**Bachelor of Science, Earth Sciences**

**Sept. 2009 – June 2014**

First Generation Graduate

**Relevant Course work:** Ground Water, Chemistry, Physics, Biology, Geophysics, Sedimentary Geology, Mineralogy, Remote Sensing, Petroleum Geology, Field Geology, and Multivariable Calculus

## Work Experience

Horizon Well Logging Inc.

Lompoc, CA

**Well-site Geologist**

**Aug. 2014 – Present**

- Identified rock cutting derived from mud samples of oil wells.
- Test for hydrocarbon potential in rock cutting using oil staining, visual cuts, and fluorescents.
- Identified lithological formations using stratigraphic data, well offset data, and cuttings.
- Monitored for potential dangers from large amounts of gases.
- Compiled digital well logs using HWL logging software.
- Correlated information to company geologist and drill site supervisor.

UCSC E&M Sediment Mechanics Laboratory

Santa Cruz, CA

**Research Assistant**

**Dec. 2012 – Aug. 2014**

Undergraduate selected to work for Dr. Andrew T. Fisher.

- Collected and processed sediment samples for a managed aquifer recharge system.
- Analyzed and lyophilized wide range of sediment samples.
- Created SOPs for the use of lab equipment (i.e. Labconco Lyophilizer, Beckman Coulter LS 13-320 Particle Analyzer).
- Trained individuals to using Beckman Coulter LS 13 320 Particle Size Analyzer.
- Compiled statistical analysis of raw data.

Crush Volleyball Club

Santa Cruz, CA

**Head Volleyball Coach**

**Dec. 2010 – June 2013**

- Responsible for the care and leadership of youth; taught technical and mental skills to youth.
- Applied time management skills with regard to practices and tournaments.

## Skills

- Computer Proficient in MS Office (Word, PowerPoint, Excel), database research, HWL Logging, and ENVI Software
- Experience using Electronic Total Station, ArcGIS, MATLAB, and MODFLOW
- Bilingual (Spanish)
