**Senior Project Manager**

**Duties, Accomplishments and Related Skills:**

As the Senior Project Manager I was responsible for the complete build out and renovation of a 2500sf warehouse space. The goal of the project was to turn this empty shell into a usable space for a 100 member church. I did an initial assessment of the project with the client and came up with some hand drawn renderings of the facility. After we both agreed on the preliminary concepts, I hired an architect to draw plans to be turned of to the City of Dallas to receive a permit to build and do renovations. This project included all phases of construction.

Electrical

Plumbing

HVAC

Interior Finish

Concrete

Fixtures, etc.

I managed the entire project from start to finish to include the selection of sub-contractors and payment of receivables. The total project cost was \$35,000
