OBJECTIVE

To obtain a position where I can utilize my diverse experience and skills. I know how to do UT&MP NDT testing, weld, use a cutting torch, and I have a lot of experience using a grinder.

SUMMARY OF QUALIFICATIONS

I worked for NOV/Tuboscope as a certified level II UT and a level II MT for almost 12 years. Recently I worked for American Pipe Bending in Tulsa Oklahoma as a QC I made sure the bent pipe was in compliance with all applicable specs and drawings. I also did hardness, ovality, and UT thickness testing on all the pipe bends. I also did Penetrant testing on all stainless steel pipe bends. I worked there for a year and 4 months.

WORK EXPERIENCE

Quality Control (5/2012 - 9/2013)

American Pipe Bending, Tulsa, OK

Made sure that all of the pipe bends were in tolerance of all applicable ASME and API specs and customer blue prints or drawings. Also did NDT testing on them. Checked hardness, ovality, UT thickness, and did Penetrant testing on stainless steel pipe bends.

operator/prove-up (5/2008 - 7/2011)

Tuboscope/NOV, Muskogee, OK

Ran a automated full length ultrasonic inspection unit. Also did prove-up on oil field pipe using a ultrasonic shear wave, thickness Gage, hand held magnet and mag powder.

Welder and Forklift Operator (8/2007 - 5/2008)

Inserve, Tulsa, OK

Cut and weld metal for shelves for tool trailers and operated a forklift to load trucks.

NDT UT Inspector (10/1999 - 9/2007)

NOV/Tuboscope, Muskogee, OK

Did Level 2 UT & Mag-particle prove-up on oilfield casing pipe using a ultrasonic shear-wave, thickness Gage, hand held magnet and mag powder.

Fork truck operator (5/1999 - 10/1999)

Georgia Pacific, Muskogee, OK

I drove a forklift to move paper products off of the line and load to load and unload trailers and I also loaded pallets in the palletizers. I also worked in folders putting paper products into boxes.
