TIC - Morenci, AZ - January 2014 to February 2014

Responsibilities

certified in MSHA, safety meetings every mornings, worked with stainless, and stick on 2"-36" pipe. Learned about safety and fall protection.

Accomplishments

recognizing saftey hazards, and site mine specifics.

Welder/Fitter

AMEC - Indianapolis, IN - September 2013 to November 2013

Responsibilities

welding and fitting torque tubes using FCAW, also doing side projects upon general foremen request.
Supervised the welding crew when foreman was absent.

Skills Used

welding and fitting

Welder / Fabricator

AMEC - Victorville, CA - June 2013 to August 2013

Responsibilities

Weld torque tubes and posts using FCAW. Supervised the crew while foremen was absent.

Skills Used

Welding knowledge and basic math

structural welder

Fluor - Arlington Valley, AZ - April 2013 to June 2013

Responsibilities

Welding and fixing up solar panels, welded out torque tubes and gear boxes.

Accomplishments

Learning how to weld on galvanized steel

pipe welder

Ingalls Ship Building - Pascagoula, MS - February 2013 to April 2013

Responsibilities

Welding different types of pipes using SMAW, TIG,

Accomplishments

Various problem solving

Skills Used

Welding TIG open root and fill and cap, helping fitter

Welding in small spaces

mig welder

Lloyd Richards - Tulsa, OK - August 2012 to February 2013

Responsibilities

Welding on carbon steel using (MIG) (FCAW) procedures, building quality products for the customers. Trained new welders for shop job, supervised crew when foreman wasn't there.

Accomplishments

Learning various techniques using MIG, FCAW and using an over head crane

Skills Used

Welding in complicated spaces and objects, operated man lifts and over head crane.

Pipe Fitter

Tradesman Inc - Tempe, AZ - May 2011 to August 2012

Responsibilities

Fitting various types of pipes carbon, copper pipes, operating various man lifts.

Accomplishments

Learning the methods of fitting pipes

Skills Used

Cutting torch, using different measuring devices, solving different problems, and using different power tools

EDUCATION**welding certs in welding**

Tulsa Welding School - Tulsa, OK

2012 to 2013

Mesa Community College in Native American Culture

Mesa Community College - Mesa, AZ

2010 to 2012

Diploma in general studies

Page High School - Page, AZ

2008 to 2012

SKILLS

arc welding, mig welding, flux core welding, metal fabrication, power tools, hand tools, construction safety, blueprint reading, plasma cutting, torch cutting, boilers
