PROFESSIONAL/WORK EXPERIENCE

Landscaper; Earthwise Landscapes, Media, PA (November 2013 – present)

- Provided exceptional design, installation and maintenance of organic lawns, wildlife habitat gardens, rain gardens, organic vegetable gardens, edible landscapes, permaculture, and stream bank restoration

Seasonal Horticulturist; Longwood Gardens, Kennett Square, PA (August 2013 – March 2014)

- Performed garden tasks not limited to planting, weeding, watering, pruning, deadheading, hanging basket and topiary construction, monitoring for greenhouse pests, and fertilizing both in greenhouse areas and outdoors.
- Assisted with the annual Chrysanthemum Festival, Christmas installation, and Orchid Extravaganza

Greenhouse Manager; University of Tennessee at Chattanooga, Chattanooga, TN (January 2013 – May 2013)

- Upheld the health, care and maintenance of plants and trees in both controlled and natural environments
- Attended to the restoration of the American chestnut (*Castanea dentata*) to the Appalachian hardwood forest ecosystem, under the tutelage of Dr. J. Hill Craddock. Focused on the establishment of a commercial chestnut industry in Tennessee, breeding for blight, gall wasp resistance, and chestnut cultivar evaluation

Wildlife Technician; Critter Control of Delaware Valley, Douglassville, PA (May 2012 – August 2012)

- Administered animal control, removal, and prevention services to homeowners, businesses, and municipalities and installed professional grade animal proofing
- Utilized eco-friendly repellents and species-specific animal removal techniques to discourage return of animals and educated clientele on problem areas to prevent the need for further animal removal services

Site Manager; Shea's Agriculture, Hamburg, PA (April 2009 – October 2009)

- Managed field production of produce for direct sale in Pennsylvania and New Jersey
- Conducted site maintenance of industrial development for layer poultry house production

Visitor Use Assistant (SCA Intern, AmeriCorps); National Park Service, Olympic NP, Forks, WA (June 2008 – October 2008)

- Supplied visitor orientations about Forks, Olympic National Park, and Olympic National Forest and completed daily shift reports and remits for both Northwest Interpretive Association and government funds
- Provided trip advisories, safety guidelines, backcountry permits and wilderness ethics education to visitors backpacking in Olympic National Park

Biological Intern; U.S. Fish & Wildlife Service, Tennessee NWR, New Johnsonville, TN (August 2006 – December 2006)

- Administered wood duck trapping/banding and water level manipulation; completed inventories, GPS work; provided maintenance on all site vehicles, and compiled old study data for analysis and application in new scenarios
- Estimated waste grain abundance for over-wintering waterfowl in Tennessee in accordance with University of Tennessee at Knoxville graduate student Melissa Foster
