

Anna Linh Nguyen

4 Lenape Lane, Telford, PA 18969

Phone: 215.317.7201 E-Mail: annalinhnguyen@gmail.com

Objective:

To contribute to environmental sustainability, specifically water quality, through testing, regulatory compliance, research and best practices promotion.

Education:

Undergraduate- Temple University, Philadelphia, PA

2009-Present

- Expected graduation date May 2014.
- Major: Environmental Science.

Experience:

Lead Content of Soil Samples, East Fairmount Park, Philadelphia, PA

Soil Collector- Geochemistry

- Collected soil from different locations at East Fairmount Park.
- Determined chemical soil contents using the Thermo Niton XL3t-900 XRF and analyzer.
- Organized information into PHREEQC and PSI-Plot.

Slug Testing Ambler, PA

Operator- Hydrology

- Assisted Professor Hayes with data collection.
- Slug test performance.
- Organized information into ATQESOLV.

Outcrop Analysis, Delaware Water Gap, PA.

Data Collection- Facies

- Analyzed stratigraphy of different outcrops to determine geological processes.
- Organized information into fence diagrams and outcrop drawings.
- Collected fossils and rock samples.

Dendrochronology, Tyler State Park, Bucks County, PA

Tree Corer- Process Geomorphology

- Used Swedish Tree Borer to core out trees.
- Co-published GSA poster—Event Dendrogeomorphology Assessment After Hurricane Sandy: Tyler State Park, PA.
- Created Rose Diagrams.
- Worked with Google Earth to determine geographical points.

Lichenometry, Tyler State Park, Bucks County, PA

Lichen Data Collector- Process Geomorphology

- Determined time of rock fall/rock exposure based on lichen size.
- Co-published GSA poster—Dating Diabase Rockfalls with Lichenometry: Solebury Township, PA.

Biology Lab, Temple University, PA

Performed Different Experiments- Biology

- Extracted DNA from *e.Coli* and analyzed data using Gel Electrophoresis.
- Determined amount of oxygen developed during photosynthesis of an elodia plant.
- Distinguished presence of amino acids using chromatography.
- Performed multiple experiments determining enzyme activity.
- Determined solution concentration and absorbance using a Spectrophotometer.

Chemistry Lab, Temple University, PA

Performed Different Experiments- General Chemistry and Organic Chemistry

- Developed titration curves for acid/base titrations.

- Analyzed reduction and oxidation of organic compounds.
- Other experiments include solvent extractions, gas chromatography and dye analysis.

Employment History:

Dunkin' Donuts and Baskin Robbins, Souderton, PA

2008-Present

Dunkin' Donuts, Harleysville, PA

2010-Present

Shift Manager

- Provide daily customer service.
- Successfully complete all jobs by time requested.
- Manage and train employees to perform the job properly.
- Work properly in a busy environment.
- Promoted from Crew Member to Shift Manager within 5 months of hire.

Space Mart Self Storage, Souderton, PA

2012-Present

Hatfield Depot Self Storage, Hatfield, PA

2008-Present

Assistant Manager

- Provide daily customer service, including sales, collection calls, sending emails and faxes.
- Work well in a busy environment.
- Able to accomplish all tasks, working alone.
- Operated Site Link.

Skills:

- Able to communicate in 2 languages: Vietnamese and English.
- Proficient in Microsoft Excel, PowerPoint and Word.
- Programs: Google Earth, AQTESOLV, PHREEQC, ArcGIS, Rasmol (Raswin), PSI-Plot and SPARTAN.
- Devices and methods: Spectrophotometer, pH meter, micropipettes, electrophoresis, centrifuges, and XRF
