Objective	College graduate seeking a position in Ceramics Engineering or Research and Development
Education and Coursework	<i>University of Illinois Urbana-Champaign</i> May 2014 Bachelor of Science in Liberal Arts and Sciences Physics major with Materials Science minor <i>Computer Aided Drafting</i> • Drafting and modeling in Autodesk AutoCAD and Inventor <i>Microstructure Determination Lab</i> MSE 405 • Perform physical and chemical tests for microstructure determination of various materials • Laser Microscopy, X-Ray Diffraction, Raman Spectroscopy, Nuclear Magnetic Resonance <i>Ceramics Processing Lab</i> MSE 423 • Processing, forming, and characterization techniques of ceramic oxide materials • Colloidal processing, Slip casting, Sol gel processing, Spray drying, Uniaxial pressing, Warm pressing, Cold Isostatic pressing, various milling and sintering processes • Rheology, Zeta Potential analysis, Helium Pycnometry, BET adsorption, Scanning Electron Microscopy, Dielectric and Ferroelectric analysis <i>Acoustic Physics of Music</i> PHYS 406 • Designed and executed experiments to investigate the acoustic properties of a 2D speaker array • Analyzed Diffraction, Interference, Vibration Modes, 2D and Spherical Harmonics <i>Light</i> PHYS 402 • Lab and academic study of topics involving the optical behavior of light • Gaussian Imaging, Interference Spectroscopy, Fresnel-Kirchoff Diffraction, Holography, Optical Trapping
Employment	<i>CITES Classroom Technologies</i> Multimedia Support and Assistant Student Supervisor August 09-Present • Provide customer support to instructors for hundreds of integrated technology classrooms across UIUC campus • Communicate technical troubleshooting to users over phone, email, and in person • Supervise and assist student workers during evening shifts • Participate in search committee to review resumes, interview, and make decisions for new hires

- Train new hires to provide phone and computer support and use ticketing system

Other Skills

- Java, C, Matlab, HTML, LaTeX
- AutoCAD, Inventor, SolidWorks, proEngineer
- Adobe Photoshop, Illustrator, Dreamweaver
