

Gabriella Simon Maia

501 South Manhattan Place apt 202 Los Angeles, CA, 90020

Profile

Bachelor of Science in Chemistry with experience as a Laboratory Technician for a water reclamation facility. Previously had 3 years of research experience in Physical-Chemistry. Knowledge of a variety of analyses including BOD, COD, Turbidity, Alkalinity, Volatile Acids, Nitrite, Nitrate and Ammonia by ISE, and others. Experience with chemical laboratory equipments such as DSC, UV-Vis, and Electronic Tensometer. Basic knowledge of SEM and FTIR analysis. Analytical thinker able to identify problems and to find creative solutions. Organized, flexible, and punctual. Seeking a position as a Chemist.

Experience

Los Angeles County Sanitation Districts — 2011-2013

Worked as a Laboratory Technician. Duties included sample collection and performing a variety of Wet Chemical analyses such as Biochemical Oxygen Demand, Chemical Oxygen Demand, Turbidity, Alkalinity, Volatile Acids, Nitrite, Nitrate and Ammonia by ISE, and others.

Research Assistant, Federal University of Santa Catarina — 2005-2008

Worked on research projects under the supervision of faculty and senior graduate students. These projects included experimentation, preparation and physical-chemistry characterization of novel drug delivery systems and polymeric films derived from organic materials. Co-authored scientific papers, and presented results at Physical-Chemistry conferences.

Retail Sales Clerk, NBC Universal, North Hollywood, California — 2009

Worked as a team member of the retail department.

Retail Sales Clerk, Staples LLC, Los Angeles, California — 2009 - 2010

Worked as a member of the retail department. Responsibilities included managing store cash flow.

Education

Federal University of Santa Catarina, Brazil — Bachelor of Science in Chemistry, 2008

Skills

- Team player who thrives on working with colleagues to solve complex problems.
- Wide experience with Chemical Lab equipment, including those required to perform the aforementioned analyses.
- Proficiency in LIMS.
- Good written and verbal presentation skills. Proficiency in Windows, Linux, Microsoft Office, the Web, and a wide variety of IT applications.
