PERSONAL STRENGTHS

I am an Honor Roll Student, VIP blood donator, and supporter of the ASPCA. I am working to become certified in power equipment training. I am already certified in smaller machinery including: table saw, blind saw, key cutter, pipe threader, and all paint mixing equipment including Stains. I am currently undergoing training for the 5K forklift, Order Picker, Stock Lifter, and Side Winder. My current job allows me to work all departments; therefore I have a wide understanding of working in different areas and their unique supplies. I have many different hobbies that I enjoy including fishing and studying fossils and semi precious gems. I've taken many online classes and I am able to apply to the self discipline needed to work in an uncontrolled environment.
