SKILLS

- Water Quality
 - Electromechanical Systems
 - Equipment Calibration
 - Laboratory Skills/Safety
 - Environmental Sampling
 - Microscopy
 - Spectroscopy
 - Microsoft Office Suite
-

EXPERIENCE

Weston Solutions, Inc., Carlsbad, CA

2010-2014

Field Scientist

- Proficiently design, install, maintain, and troubleshoot automated water quality sampling equipment, solar power supply and telemetry communication systems
- Follow sample specific SOP's in order to properly collect chemistry, microbiology, and DNA samples for PCR analysis
- Calibrate, maintain and utilize YSI sonde to analyze water samples for pH, DO, Conductivity, Turbidity, and Temperature
- Perform low and high-flow stream ratings utilizing magnetic and ultrasonic flow rating equipment
- Determine channel geometry and characteristics utilizing land surveying equipment and calibrate area-velocity sensors in order to accurately model flow rating curves
- Rigorously compile comprehensive literature review, assist with data analysis and report composition of Zinc source identification in San Diego watershed
- Accurately calculate correct reagent mixing proportions and compose SOP's for field team to prepare HCL acid bath

Enviromatrix Analytical, Inc., San Diego, CA

2009-2010

Courier/Field Chemist

- Utilized spectrophotometer to analyze effluent discharge on cruise ships to ensure compliance with EPA standards
- Processed samples, allocated to analysis specific containers and ensured samples were properly labeled
- Performed routine sample pick up from various facilities

City of San Diego, San Diego, CA

2007-2008

Management Intern

- Analyzed water samples for pH, conductivity, temperature, ammonia, phosphate, nitrate, MBAS and turbidity
 - Prepared satellite photos and land composition maps using ArcMap Geographic Information Systems
-

EDUCATION

San Diego Miramar College, San Diego, CA

2014

Certificate of Completion, Biotechnology Employment Skills Training

University of California, Davis, Davis, CA

2009

Bachelor of Science, Neurobiology, Physiology and Behavior

CERTIFICATIONS

- 40-HR HAZWOPER, RCRA, Confined Space Entry, GHS, First Aid/CPR
