OBJECTIVE

Seeking a position as a professional scientist, committed to improving projects through sustainable methods in a safe environment, where my education and experiences have the opportunity to grow and develop.

EDUCATION

Colorado State University, Fort Collins, CO (Aug. 2005 – May 2010)

B.S. of Chemistry with Honors (May 2010)

B.S. of Natural Science with Honors (May 2010)

Colorado State University School of Teacher Education and Principal Education (Jun. 2010)

GPA: 3.498/4.0

SPECIAL CERTIFICATIONS

Initial Teacher License from the State of Colorado: Secondary Science: June 25, 2010

RELATED WORK AND VOLUNTEER EXPERIENCE

Teaching

- ◆ **Fort Lupton High School** – Fort Lupton, CO Aug. 2012 – current
 - Created, prepared, and taught 5 science curricula aligned with state standards
 - Collected and utilized data from multiple sources to direct lessons, teaching, and assessment
 - Maintained effective classroom management strategies
 - Managed high school chemistry lab according to CO state standards including laboratory safety, chemical storage and disposal
 - FLHS 2014 “Teacher of the Year”
 - Sprints and Hurdles Track Coach
 - MESA Science club sponsor
 - Volunteer Girls volleyball coach
 - AVID site team member
- ◆ **Bishop Machebeuf High School** – Denver, CO Feb. 2012 – Jun. 2012
 - Prepared and taught 3 courses, including advanced chemistry
 - Volunteered as an assistant track coach for the distance track program
- ◆ **Colegio San Pedro** – Lima, Peru Jan. 2011 – Dec. 2011
 - Prepared and taught 4 Middle School General Science and English classes
 - Created curriculum, lessons, assessments, labs, and activities
 - Modified lessons to target my classes of English Learner students
 - Developed individualized and group learning strategies with students learning English from a different culture
- ◆ **Loveland High School (Student Teacher)** – Loveland, Colorado Jan. 2010 – May 2010
 - Prepared and taught 2 science courses
 - Volunteered as Assistant Track Coach for the distance program

Research Intern – NASA Undergraduate Student Research Program – NASA Ames Research Center, Mountain View, CA

Aug. 2008 – Dec. 2008

- ◆ Researched the physical and chemical properties of biomass burning particles in the atmosphere
- ◆ Used and refined analytical techniques for different organic residues using FT-IR technology
- ◆ Analyzed IR spectra and created numerous presentations for group members and team leaders
- ◆ Prepared and presented research findings for the American Geophysical Union Conference in 2008

Field Assistant, Lab Tech – United States Forest Service, Fraser, CO; Fort Collins, CO

Aug. 2006 – Aug. 2008

- ◆ Collected, analyzed and organized various data on the Mountain Pine Beetle tree epidemic in Colorado
- ◆ Prepared samples for analysis using IC technology and LACHAT
- ◆ Prepared and analyzed pine needle samples using AAS
- ◆ Prepared water samples for analysis by filtering and cleaning glassware
- ◆ Synthesized analysis resins for placement in the forest floor
- ◆ Prepared forest vegetation samples for analysis
- ◆ Followed laboratory procedure and maintained standard methods

Camp Counselor – Camp Wojtyla, Allenspark, CO

Jun. 2009 – Jul. 2010

- ◆ Enabled campers to discover themselves and challenge themselves to become stronger, better people
- ◆ Assisted camp leaders in teaching campers about the geology of Colorado
- ◆ Planned activities to model life journeys of faith, spirituality, conflict, and struggle

Camp Counselor – Camp Spike ‘n Wave, Burton, TX

Jun. 2004-2008 – Jul. 2004-2008

- ◆ Enabled campers to challenge themselves with their disability, epilepsy, and overcome their fears
- ◆ Developed management and discipline strategies for campers

HONORS

FLHS “Teacher of the Year” – 2013-2014

Hach Chemistry Teacher’s Scholarship (Aug. 2005 – Jan. 2010)

Dean’s List Honor, Spring 2006, Spring 2007

Provost Scholar (Aug. 2005 – Dec. 2009)

University Honors Scholar (Aug. 2005 – May 2010)

Continental Scholarship Scholar (Aug. 2005 – Jan. 2010)

ACTIVITIES and SPECIAL QUALIFICATIONS

- ◆ Conversationally fluent in Spanish – I lived in Lima, Peru for 1 year, teaching English and Science.
- ◆ College courses include: 2 semesters of Physical Chemistry, Analytical and Quantitative Chemistry, Instrumental Analysis, and 2 semesters of Organic Chemistry, all with Laboratory Practice
- ◆ Experience using and reading FT-IR, GC-MS, and H1 NMR spectra
- ◆ Experience with Microsoft Office Software (Excel, PowerPoint, Word, Access)
- Beta Theta Pi Fraternity: Secretary (Aug. 2007 – May 2008), Judicial Board (Jan. 2009 – Dec. 2009)
- Colorado State University Chorus: Member (Jan. 2008 – Dec. 2009)
- University Church Service and Leadership Team: President, member (Aug. 2008 – Dec. 2010)
- University Church Choir: Member and Cantor (Sept. 2005 – May 2010)
- Intramural Sports Participant: Soccer, Softball, Volleyball, Inner-tube Water Polo, Basketball, Flag Football, Ultimate Frisbee
