

# Xin Song

6061 Village Bend Drive #3-1902, Dallas, TX, 75206; 847-708-6679; xinsong2012@u.northwestern.edu

---

## Objective and Qualification

**To obtain a full-time/an internship position in the field of Environmental Engineering with an emphasis on water resources and wastewater treatment**

- Stormwater inspections and permitting
- WWTP design, proficient drafting using AutoCAD
- Field work at various sites

## Education

---

**Northwestern University**, M.S.in Environmental Engineering, *Evanston, Illinois* 09/2012 - 08/2013

- Certificated in Engineer in Training(EIT)

**Shandong Agricultural University**, B.S. in Environmental Science, *Shandong, China* 09/2008 - 07/2012

- Graduated in top 5% and won first place in academic scholarship

## Work Experience

---

**Blue Tech Alliance**, Chicago, IL, *Project coordinator* 03/2014 – 05/2014

- Analyzed China's wastewater and biosolids market for internal database and archives, and investigated international advanced water-related technologies
- Provided market analysis reports for water industry executives that were looking to advance their sales in China

**City of Chicago, Department of Buildings**, Chicago, IL, *Engineer Intern* 09/2013 – 03/2014

- Reviewed the construction drawings, conducted on-site inspections of stormwater involving new green technology, sewer system and deep foundation projects, checked if the Green Roofs and Vortex Restrictors were in good condition, which ensured all safety and quality procedures were in adherence
- Maintained databases of all conveying devices and high-rise residential buildings for the Annual Inspection Certification program and Life Safety Evaluation program
- Reviewed new methods or equipments of constructions with the Committee on Standards and Tests, and determined if they met the requirements of the Chicago Building Code

**Yantai Environmental Protection Agency**, Yantai, China *Engineer Intern* 06 – 08/2010

- Performed on-site water quality inspections (pH, COD, BOD, TN, TP) and organized monitoring data for the water quality reports of Yantai
- Assisted Senior Engineers with wastewater-related calculations, design and AutoCAD drafting

## Projects and Research Experience

---

**Northwestern University**, Evanston, IL, *Research Assistant*

*Risk Assessment for Lake Depue OU5* 04 - 06/2013

- Developed a risk assessment scheme for Lake Depue which characterized risks presented to the environment, with a focus on the impact to human health

*Elkay EZH20 Water Bottle Filling Station Life Cycle Analysis* 04 - 06/2013

- Performed a life cycle assessment to quantify the environmental impacts of a filtered bottle filling station
- Used a variety of data collection methods including Input/Output data, Process Lifecycle Inventories to determine the final emissions

*Numerical Simulation of Random Walks* 09 - 12/2012

- Modeled and predicted transportation of actual particles in rivers by MATLAB

**Shandong Agricultural University**, China, *Research Assistant*

*Preliminary Design of A 5 MGD Wastewater Treatment Plant* 03 - 06/2012

- Researched and evaluated natural conditions and relevant data of the industry district
- Designed treatment processes based on the quality and quantity of the influent, guaranteeing that the effluent could reach the National Wastewater Discharge Standard.
- Accomplished the detailed drawings for each treatment unit and the planform of the WWTP by AutoCAD

*Determination of Acetaminophen in Natural Surface Water by SPE-HPLC* 03 - 06/2012

- Collected and pretreated water samples from rivers and wastewater treatment plants by solid-phase extraction(SPE), and examined paracetamol level by high performance liquid chromatograph (HPLC)

*Pretreatment of indigo jean dyeing wastewater by iron-carbon micro-electrolysis process* 04 - 11/2010

- Arranged a new method to treat indigo jean dyeing wastewater
- Collected dyeing wastewater samples and measured chroma and chemical oxygen demand (COD) of water samples treated by Iron-carbon micro-electrolysis process and different coagulants

## Skills

---

**Computer Skills:** Microsoft Office, Auto CAD, MATLAB, GIS, STATA, Adobe Audition,

**Languages:** English (Fluent) and Mandarin Chinese (Native)
